## TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. **Failure to timely respond** to this notice will result in:

**Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 3(c) Other: applicant's arguments regarding the drawings are not persuasive. Corrected drawings as required in the non-final Office action are required.

Continuation of 4(e) Other: the 112 2nd rejections have not been fully addressed. Specifically, the limitations following "subsequent to an aircraft being parked" in claim 1 recite process type limitations. The examiner suggests replacing the phrases including "moves" and "move" to phrases which includes "is moveable," for example. Similarly "adjusted" could be replaced by "adjustable." Similar changes in the dependent claims should be made as necessary such that the claims clearly recite an apparatus capable of said operations, rather than positively reciting the process steps.
